

FACEBOOK PRIVACY SETTINGS AND TOOLS

e.g. This is a basic guideline to assist people in changing their privacy settings on Facebook if they choose to do so. Please note that the screen and placement of icons may differ when using different devices, apps or older versions of Facebook PC, Android, iOS devices can all slightly differ. PC is recommended when changing setting as it is a larger screen and can be easier to navigate.

Who can see my stuff?

Who can look you up using the email address you provided?

Who can look you up using the phone number you provided?
E,1:t

Do you want search engines outside of Facebook to link to your Profile?

Choose from the following options:

Everyone

,1t Friends of friends

II, Friends

5. Follow step 3 in the **Who can look you up using the phone number you provided?** section, if you have provided Facebook with your number. Remember you **Do Not** have to put your number on Facebook even if they ask for it.
6. Next to **Do you want search engines outside of Facebook to link to your profile?** click on **Edit** (right side).
Tick or un-tick the box provided. Ticking the box means your name can be searched on a search engine such as Google and appear as a Facebook account. Not ticking the box means you don't want your Facebook account to be found in a search.
